

Series SLC-16 Fire Siren and Light

Description:

Series SLC-16 fire siren and light feature a sleek modern design, using high quality flashing light and performance buzzer. When it is activated, it can give out strongly warning in visible and audible signal. It can be used in different application, especially for fire alarm application.

Features

- 1) Industry's most innovative design
- 2) Easy installation and maintenance
- 3) Low Installation and Operating Costs
- 4) Wide Voltage Range
- 5) True Evacuation Tone

Specification:

Model	SLC-16-L
Supply Voltage	12Vdc / 24Vdc
Alarm Current	120mA
Sound Level	≥80dB
Flash Rate	≤2 Seconds
Light Life	≥ 30000 Number of Times
Temperature Range	-10°C to +55°C
Max. Humidity	30% to 95% RH No Condensation
Dimensions	126(W)*126(H)*49(D)mm
Weigh	180g
